

### **REMARKS/ARGUMENTS**

The Notice of Non-Compliant Amendment argued a complete listing of the claims were not present and the claims were not correctly identified with the proper status identifier.

The International Preliminary Report on Patentability (“IPRP”) contained claims 1-32, which by entry of this Amendment are canceled.

Applicant cancels claims 1-32 and adds new claims 33-48.

Accordingly, claims 33-48 contain the proper status identifier required for this response.

In view of the foregoing, favorable reconsideration and allowance of this application are respectfully solicited.
